

DUBRAVKO TADIĆ

Izabran za člana suradnika 6. lipnja 1975, a ponovno izabran za člana suradnika na Skupštini Akademije 31. ožujka 1980.

Životopis i popis radova do izbora 1975. godine objavljeni su u Ljetopisu JAZU, knjiga 79.

POPIS RADOVA

(nakon izbora 1975. godine)

Znanstveni radovi

35. A. Andraši, B. Eman, J. Missimer, D. Tadić, Parity-violating nucleon-pion interaction and simultaneous fits to nonleptonic hyperon decays, *Phys. Rev. D11* (1975), 2484—2489.
36. A. Andraši, J. Missimer, D. Tadić, Parity violation in three-triplet gauge models, *Phys. Rev. D11* (1975), 1331—1336.
37. B. Eman, D. Tadić, F. Krmpotić, L. Szybisz, Second-class currents in $O^- \rightarrow O^+$ and unique nuclear beta transitions. *Z. Phys. A273* (1975), 89—96.
38. H. Galić, B. Guberina, D. Tadić, Parity-violating vector-meson exchange potential and asymptotically free theories, *Phys. Rev. D14* (1976), 2327—2339.
39. H. Galić, B. Guberina, D. Tadić, Parity-violating nuclear potential and vector-meson exchange, *Z. Physik A276* (1976), 65—70.
40. H. Galić, D. Tadić, Parity-violating nucleon-pion amplitude in gauge-invariant models of weak, electromagnetic and strong interactions, *Fizika 8* (1976), 99—119.
41. A. Barroso, D. Tadić, Empirical parity-violating potentials and the coherent scattering of neutrons, *J. Phys. G 3* (1977), L-147—L-149.
42. G. Karl, D. Tadić, Model for scattering with parity violation, *Phys. Rev. C16* (1977), 1726—1734.
43. V. Paar, I. Picek, D. Tadić, Upper limits on parity-violating terms in nuclear electromagnetic operators and nuclear structure effects, *Nucl. Phys. A308* (1978), 439—456.
44. A. Barroso, D. Tadić, Internal conversion and parity nonconservation in nuclei, *Phys. Rev. C17* (1978), 832—834.
45. D. Tadić, A. Barroso, Parity-violating effects in the coherent scattering of neutrons by 209-Bi, *Nucl. Phys. A294* (1978), 376—390.

46. B. Guberina, D. Tadić, Sum rules for weak $NN\pi$ amplitudes and theoretical descriptions of nonleptonic hyperon decays, *Phys. Rev. D* **18** (1978), 2522—2525.
47. I. Supek, D. Tadić, u knjizi: I. Supek, Teorijska fizika, II dio, Školska knjiga, Zagreb 1977, 89—174, 175—232, 233—266, 795—862.
